Zero Zero

Operator Please

I try to love that way
Of getting information
I gotta walk away
Share like a suffocationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-ohAnother cloudy day, another observation
They keep my DNA
Down by the record stationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-oh
Come onYou'll be coming around,
And and give me lots of station
Oh-oh-oh
And you'll be hanging around, until you go and make up
Like any social disease, it give me teenage razors
Like any social disease, it give me higher fazersTo gather loss and wait
give me some information
Shake out and walk away
Share like a suffocationCall me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zeroCall me zero, zero, zero
Call me zero, I am zero
Call me zero, zero, zero
Call me zero, I am zero-oh
