

Waiting on a Summer (Never to Come)

Boho Dancer

Waiting on a summer never to come
Strangers becoming feathers in my storm
Losers biting my bones with love
Biting my bones with love

The fox makes his move
Towards something bigger
Something bigger than himself
Bigger than me

I don't know why I can't let go
I want to ride with the wind I want to take off my skin

Lying here naked on your counter
You search for brighter days
And still dust keeps settling on me
And all that I have learned to keep myself moving
Is dancing with a new man keeping a new heart
I eat slowly and I feed the birds with silver coins
With silver coins

They're dying in another part of time
And I'm losing all the things that I didn't have

Waiting, I'm still waiting on a summer never to come
