

# Ways to Get High

## Pop Evil

I want to pick you up  
Free your mind  
Take you somewhere  
I want to turn you loose  
Watch you bloom  
Meet you out thereHey  
You're looking my way  
Just come on and play  
Just come on and  
Come on andSo many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to getI want to climb the wall  
Watch you fall  
Get back up now  
I want watch you sink  
Chase you to the brink  
Meet you out thereHey  
You're looking my way  
Just come on and play  
Just come on and  
Come on andSo many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to getHey, hey, hey, heyHey  
If you're looking my way  
Won't you come on and play  
Came and play  
With me nowHey  
If you're looking my way  
Won't you come on and play  
Came and play  
With me nowHey if you're looking my way  
Won't you just come on and play  
Just come on and  
Come on andSo many ways to get high  
To keep on losing our mind  
To keep us feeling alright  
So many ways to get high

So many ways to get high  
So many ways to get high  
So many ways to get high  
So many ways to get
