One More Time

Peter Frampton

Only one step away
Before I touch the bay
Do I still have to pay
Sand between my toesAnd nobody knows how I'm feeling
Just not healing
We'll do it again one more timeNobody knows how I'm feeling
Just not healing
Let's do it again one more timeI'm not turning you away
I'm needing some advice
If you think I'm running out
It's you I want to live withTill I can't go any further
Lovin' you
We'll do it again one more timeTill I can't go any further
Lovin' you
We'll do it again one more timeOnly one step away
Before I show the world
All the hurt you have inside
Only lasts awhile'Cause nobody knows how I'm feeling
Just not healing
We'll do it again one more timeTill I can't go any further
Lovin' you
We'll do it again one more timeTill I can't go any further
Lovin' you
We'll do it again one more time
