Taunting the Notorious

Symphony X

Don't give me reasons
why you spread your disease like aplague
Caught up in treasona faith that's misleading and vague
feeling desires, desires are set in my mindIt's so sad our world is breaking down
my sarcastic daze
Parasites infecting us
Your corrupted ways
savage and notoriousLost in the kingdom
kingdom of pain and my spite
whirlwind of power
power controllng my mindIt's so sad our world is breaking down
Your corrupted ways
feeling desires, desires are set in my mind
Parasites infecting ussavage and notorious
my sarcastic daze
[Solo]my sarcastic daze
Your corrupted waysParasites infecting us
savage and notoriousYour corrupted ways
Parasites infecting us
my sarcastic daze
savage and notorious
