It Ain't You

Squirrel Nut Zippers

I've been searching all over for someone
I can tell my troubles to
Searching all the wide world over
Is it you, is it you?Are you the kind of man that marries
And gets his mind on something new?
You've got to let me know, I'm all alone
Is it you, is it you?
Is it you, baby, is it you?I confide in you, you seem to understand
My point of view, I moan and sigh
And you can't understand why
You can't understand whyI confide in you, you seem to understand
My point of view, I moan and sigh
And you can't understand why
You can't understand whyI've been searching all over for someone
I can tell my troubles to
Searching all the wide world over
Is it you, is it you?
Is it you, baby, is it?
