

# Smack Dab In the Middle

[Chris LeDoux](#)

Lately I've been feelin' funny  
My head's a-spinnin' and my knees are weak  
Every time I get around you, honey  
The heartbreak thing comes over me It all started with a reel o' motion  
A little kiss and before I knew  
I fell hard with a loud commotion  
Smack dab in the middle of love with you Smack dab in the middle  
Smack dab in the middle  
Smack dab in the middle of love with you All I do is think about you, baby  
I need your lovin' every night and day  
I'm in deep and I don't mean maybe  
Way over my head gettin' carried away So what do you think about the future, darlin'?  
I hope you feelin' that you feel it too  
'Cause have mercy, my heart is fallin'  
Smack dab in the middle of love with you Smack dab in the middle  
Smack dab in the middle  
Smack dab in the middle of love with you I know I've said it time and time again  
Our love was never really in my plans  
I sang a solitary, look at you and here I am Smack dab in the middle  
Smack dab in the middle  
Smack dab in the middle  
And I don't know what to do Smack dab in the middle  
Right square in the middle  
Smack dab in the middle of love with you  
Smack dab in the middle of love with you
