

Veil Of Illusions

Scar Symmetry

I focus upon this
Considered real and true
Within time, fixed it seems in form and space
The dream is so real, as I participate
From experienced reality there is no escape
I interact in illusive reflections
Internal mind perceptions
Embracing illusions
Believing what I am shown
The veil of illusions
Pretending to be what is real
Slowly I realize, my eyes deceive me
Nothing is what it seems to be
The eyes perform a complex trickery
Decoding numbers into imagery
Embracing illusions
Believing what I am shown
The veil of illusions
Pretending to be what is real
I touch only shadows, what I see is not real
Lost in mere appearance, what I hear is false
I can feel the sorrow blinding all of this world
Tear the veil to pieces
And slip through the shreds
Should I close my eyes and depart
End the beating of the heart
Would I not wake from a lifelong dream
Exposing the grandest of schemes
Embracing illusions
Believing what I am shown
The veil of illusions
Pretending to be what is real
I touch only shadows, what I see is not real
Lost in mere appearance, what I hear is false
I can feel the sorrow blinding all of this world
Tear the veil to pieces
And slip through the shreds
Embracing illusions
The veil of illusions
I touch only shadows, what I see is not real
Lost in mere appearance, what I hear is false
