

# Aeon

## Neurosis

Illumination bleeds fire  
Karmic well of deceit  
Blood will nourish  
Your sense breeds disgust  
Sickened flow  
Cauterize my waste  
Devoid spirit gone  
Our universe will breed  
Aeon - ravens descend  
Freeze - your destiny  
Breathes discord  
Fall, obsidian tides  
Will be nature's bane
