

# Rio de Janeiro Blue

**Mario Biondi**

The clouds come-a creepin' and you got me weepin' this morning  
I can't believe your really gonna leave this town  
everyone knows, I can't make a move with you  
your turnin' my whole world, upside-down  
and I get a feelin' that I've seen the last of you,  
Rio De Janeior Blues

The salty air, your wind-blown hair, reflections of a dream  
thoughts of you with who knows who,  
flowin' through me like a stream  
Brazilian serenades, linger on  
help me lose my soul, in your song  
and I get a feelin', that I've seen that last of you,  
Rio De Janeiro Blues  
Rio De Janeiro Blues

Months go by, I wounder why, I'm left here on my own  
could it be my destiny, to live my life alone  
these dark and rainy days are turning cold  
lonely sleepless nights, gettin' old, gettin old  
and I get a feelin' that I've seen the last of youRio De Janeiro Blues
