Kyoto Now!

Bad Religion

It's a matter of prescience no, not the science fiction kind
It's all about ignorance and greed and miracles for the blind
The media parading, disjointed politics
Founded on petrochemical plunder and we're its hostages
If you stand to reason you're in the game
The rules may be elusive but our pieces are the same
And you know, if one goes down we all go down as well
The balance is precarious as anyone can tell
This world's going to hell
Don't allow this mythologic hopeful monster to exact its price
Kyoto now, we can't do nothing
I think someone else will make it right
You might not think it matters now but what if you are wrong
You might not think there's any wisdom in a fucked up punk rock song
But the way it is cannot persist for long
A brutal sun is rising on our sick horizon
It's in the way we live our lives
Exactly like the double edge of a cold familiar knife
And supremacy weighs heavy on the day
It's never really what you own but what you threw away
And how much did you pay?
Don't allow this mythologic hopeful monster to exact its price
Kyoto now, we can't do nothing
I think someone else will make it right
In your dreams you saw a steady state, a bounty for eternity
Silent screams but now the wisdom that sustains us is in full retreat
Watch on
Don't allow, this mythologic hopeful monster isn't worth the risk
Kyoto now we can't have vision for the future if it can't be fixed
Alien we need a fresh and new religion to run our lives
Hand in hand the arid torpor of inaction will be our demise
Oh, Kyoto now
