Punk No Die

Total Chaos

I've seen kids come and go
year by year another
When I thought it was a
Belief for life
You can bet I'm in it for life
Punk we're in it for life
Punk will no die
We're in it for life
Bey you we'll fight
Now you're a punk for a year
Using it for your trend
When I thought it was a
Belief for life
You can bet we're in it for life
