

# Punk No Die

## Total Chaos

I've seen kids come and go  
year by year another  
When I thought it was a  
Belief for life  
You can bet I'm in it for life  
Punk we're in it for life  
Punk will no die  
We're in it for life  
Bey you we'll fight  
Now you're a punk for a year  
Using it for your trend  
When I thought it was a  
Belief for life  
You can bet we're in it for life
