# Jersey Thursday

## Donovan

In the tiny piece of colored glass my love was born
And reds and golds and yellows were the colors in the dawn
Night brought on its purple cloak of velvet to the sky
And the girls go willing spinning on Jersey ThursdayIn the tiny piece of colored glass my love was born
And reds and golds and yellows were the colors in the dawn
Night brought on its purple cloak of velvet to the sky
And the girls go willing spinning on Jersey Thursday
