

Alpha Female

Wild Beasts

I ask a shaman, ask a priest
I'm learning, I'm learning
I'm learning that I know the least Alpha female
Be it by faith, be it by chance
We'll make it, we'll make it
We'll make it dinner and happenstance
Alpha female I would not hold you back
I would not hold you back
Simple as that, yeah
Simple as that, oh
I would not hold you back
I would not hold you back
Matter of fact, yeah
Matter of fact, oh Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, female alpha I would not hold you back
I would not hold you back
Simple as that, yeah
Simple as that, oh
I would not hold you back
I would not hold you back
Matter of fact, yeah
Matter of fact, oh Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, female alpha
Alpha female of the worlds inside you
Alpha female of the worlds inside you
Alpha female of the worlds inside you
Alpha female, female alpha I would not hold you back
I would not hold you back
Simple as that, yeah
Promise you that, oh Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, I'll be right behind you
Alpha female, female alpha
Alpha female of the worlds inside you
Alpha female of the worlds inside you

Alpha female of the worlds inside you
Alpha female, female alpha
