

# San Francisco Song (SXSW 2006)

## Camera Obscura

San Francisco song( Keep it clean EP - 2004 )You know I cannot stand your love for alcohol  
You're such a tall man but you're looking kind of small  
I'll send you movie stills to rid you of your ills  
Because you're illNow you're finding out I'm hard to please  
You'd better watch your mouth you'll bring a girl close to tears  
I ripped up my lyric book, gave myself the blackest look  
Black looks
