

Never Enough (feat. Tiffany Gouche)

Terrace Martin

Here I am again
In the same old space
I should really be by myself but
I just can't bear the pain, no Give me your body
Give me your body
Don't hurt nobody
Don't hurt nobody
I want every single dose of ya, baby
Love me 'til I'm numb
Love me 'til I'm numb
It's never enough
It's never enough
Ooh, ooh, ooh
And I don't wanna come down from me
Baby, do that thing again, please don't stop
Need it all right now like I never had it
Your love is a drug, I'm your new addict, new addict Give me your body
Give me your body
I won't tell nobody, won't tell nobody
I want every single dose of ya, baby
Love me 'til I'm numb
Love me 'til I'm numb
It's never enough
It's never enough
Oh, it's never enough
It's never enough
Ooh, ooh, ooh
Here I am again, oh
Here I am again, oh
It's never enough
You should
It's never enough
