When im up in tha forest with goldylock eatin their pourage
Rockin that funky john, drinkin villa maria,

Take it for granted and they lost up in their circle dammit
One chance for a conditional love and its real I aint poppin no pills,

Walkin in eden and as we pass thru Tell them my name is brian,
yes my name is ? Do you believe, but its all real good cuz we got god

Passin that sticky icky ta bizzy
in tha name of tha father ta tha son and tha holy spirit
The beginning of wisdom is to fear it.

[Verse 2 Playalitical:]

If they had a pagent for hustlas id be rapped in a ribbon
Ya can't pull my card boy im street capitalism

Forklift breakin these crates are gettin heavier
I dont got ta touch ya or see to do my thing ta ya

Knowin' mah status alone will shake ya labia
(Playalitical)They know im known ta make tha beats smash
You keep bounchin like that, and you gunna get a beat rash
Cocaine white, suit on, and my peice match
plus my keys match, see i dont need ass
You with me now, this by far is a blessin
When we get to tha car you should start undressin' (Undressin' me)
you dance the way you do waitin for some one impressin
And im right behind ya, check one two testin.
