

I Want It Back

Candlebox

Ohhh... Ohhh Looking back
Do you remember
We where looking for something right
And we found each other How fast we found love
Do you remember
When our days ran into nights
We found each other And it all comes rushing back
When I'm alone
And it all comes rushing back
When I'm gone
I want it back
I want it back now
I want it back... lover
Before this flame burns out I want it back
I want it back now
I want it back... lover
Before this flame burns out Looking back
Would you discover
Who you where looking for
Or your worst mistake uncovered How fast it falls apart
How fast discover
The night it broke, it crashed
Can we recover
And it all comes rushing back
When I'm alone
And it all comes rushing back
When I'm gone I want it back
I want it back now
I want it back... lover
Before this flame burns out I want it back
I want it back now
I want it back... lover
Before this flame burns out You've got scars left unspoken
You've got trust that's been broken
But I've got so much to give you
If your heart is still open Looking back
I still remember
You where looking for something right
And we found each other Ohhh, Ohh, Oh

Ohhh, Ohh, OhI want it back (Ohhh, Ohh, Oh)
I want it back now
I want it back... lover (Ohhh, Ohh, Oh)
Before this flame burns outI want it back (Ohhh, Ohh, Oh)
I want it back now
I want it back... lover (Ohhh, Ohh, Oh)
Before this flame burns out
