We Dance to the Beat

Robyn

We dance to the beat

We dance to the beatWe dance to the beat of the continents shifting under our feet

We dance to the beat

We dance to the beat

We dance to the beat of a new, better, faster breed

We dance to the beat

We dance to the beat

We dance to the beat of radioactivity blocking the exits

We dance to the beat

We dance to the beat

We dance to the beat of false math and unrecognised genius

We dance to the beat

We dance to the beat

We dance to the beat of distorted knowledge passed on

We dance to the beat

We dance to the beat

We dance to the beat of a distant rumble

We dance to the beat

We dancing

And it's loud and proud

And it's loud and proud

And it's loud and proudWe dance to the beat

We dance to the beat

We dance to the beat

We dance to the beatWe dance to the beat of silent mutation

We dance to the beat of your brain not evolving fast enough

We dance to the beat of raw talent wasted

We dance to the beat of bad kissers clicking teeth

We dance to the beat of opportunity knocking

We dance to the beat of an eviction next door

We dance to the beat

We dance to the beat

Of another recycled rebellion

Of consolidating assets

Of another crowd losing it

Of your voice breaking up in static

Of suburbia burning

Of communication gone mad

We dance to the beat

We dance to the beat

We dance to the beat

We dance to the beatAnd we don't stop

And we don't stop

And we don't stop

And we don't stop

And we don't stopWe dance to the beat

We dance to the beat

We dance to the beat

We dance to the beat

And we don't stop

And we don't stopWe dance to the beat of a billion charges of endorphin

We dance to the beat

We dance to the beat

We dance to the beat of a love lost and then won back

We dance to the beat

We dance to the beat

We dance to the beat of source code and conjuring

We dance to the beat

We dance to the beat

We dance to the beat of gravity giving us a break

We dance to the beat

We dance to the beat

We dance to the beat

We dance...
