History Crush

Rustic Overtones

At one time I decided to tryand turn on the happenings
They told me things got worse - than I ever thought they were
And it hurts to watch
Have I turned soft? it's too sick outside to wander off
What are they feeding us?
Suicide media
Are they mean to us? Yes!
Does it seem to us they got a dream to bust.
Are they the first to make history crush?
Choke down your negativaty - Your T.V. set is pessimisticto me
I still got some brain to feed - News on the tube to succeed
On my parade they have peed
This bruise that sticks to me
And it hurts to watch
Have I turned too soft? Too sick outside to wander off?
What are they feeding us?
Suicide media
Are they mean to us? Yes!
Does it seem to us they got a dream to bust.
Are they the first to make history crush?
Luckily
I can just turn off what it is that I don't want to watch
And I feel a whole lot better
My T.V. friend is dead
and I don't feel the least bit upset.
