Advisory - the following lyrics contain explicit language:

Can you see me crawling
Down the trail of despair?
Forgot how to cherish myself
Painful writings everywhereI can see strange things coming over me
I can feelStare into my eyes, believe me
I'm the one to forget what's right
As the blazing fire awakes
I turn to stone, there is no frightHeavenly pleasures grants my desires
I'm totally lost
Demolition of the human nature
No matter what the costI can see strange things coming over me
I can feelEvery time I loose my judgment
You try to grab a hold of me
Vem fan ar du, jag gor vad jag vill
Mmedans tiden star still
(Who the fuck are you? I do what I want
While time is standing still)I can see strange things coming over me
I can feelWatch me dance as I'm totally lost
One step closer to infinity
A great pretender, a face of an angel
Buried alive, aliveWatch me dance as I'm totally lost
One step closer to infinity
A great pretender, a face of an angel
Buried alive, alive
