It's Killing Me

Dc Talk

Hello, goodbye, I wanted to see, but I guess I
I don't have the strength to speak tonight
It's tricky sometimes
When you wanted to run, you'd always hide
You can't find the truth behind the lies
Another day and I'm on my feet
But the street feels like it's sleeping
I'm on a mission and it ain't too sweet
Yeah, you're the reason, I'm afraid
Said, you're the reason, I'm afraid
But I want you to know, it's killing me
I think I gotta let go 'cause it's killing me
You're gonna do what you want
But you better believe, it's killing me
Love never dies
It's the reason that I won't compromise
But sometimes you fall before you fly
I've seen it coming for quite some time, now
And I don't know what you're thinking
How can the two of us walk in stride
If we don't see eye to eye
You got me all messed up inside
But I want you to know, it's killing me
I think I've gotta let go 'cause it's killing me
And I want you to know, it's killing me
I think I need to let go 'cause it's killing me
You're gonna do what you want
But you better believe
Is it too late in the game?
There is no one left to blame
I will always mention you
To the One that I pray to
But I want you to know, it's killing me
I think I've gotta let go 'cause it's killing me
And I want you to know, it's killing me
I think I need to let go 'cause it's killing me
It's killing me
Why can't you see that you're killing me
Why can't you see that you're killing me

Why can't you see that you're killing me
Why can't you see that you're killing me
It's over, this is the end
You know I always loved you, my friend
But you gotta believe
You know you cannot be free
