

Stella By Starlight

Ella Fitzgerald

The song a robin sings
Through years of endless springs
The murmur of a brook at eventide
That ripples by a nook where two lovers hideA great symphonic theme
Thats Stella by starlight and not a dream
She's all of this and more
Shes everything that you would adoreThe song a robin sings
Through years of endless springs
The murmur of a brook at eventide
That ripples by a nook where two lovers hideA great symphonic theme
That's Stella by starlight and not a dream
She's is all of this and more
She's everything you would adore
