## Deeds of Flesh

This feeling won't leave me  
I need to relieve thee  
By maiming and killing this bitch In total secrecy  
From some dark place  
In my soul comes a new Realm of depravity  
Like a beast  
I overcome her and utterly destroy herFor I must surrender  
To my feelings of anger  
Hurting her  
Derived intense erotic pleasurePlaying inside brings a new high  
A paradise from which I can't hideThis feeling won't leave me  
I need to relieve thee  
By maiming and killing this bitch In total secrecy
