Words & Music

Sondre Lerche

You be words and I'll be music
Ain't you heard that's how they do it
You're a poem when you're on your own
I'll try not to get in your way
But I've all the pretty poems I have known
Baby, you give me something to sayI'll be words and you'll be music
I concur, I can't refuse it
You're a sad little tune by yourself
So lovely I wanna sing along
If there's one thing I know I can tell
When we get together we're a songWhenever I'm with you, it's true
It's everything you say and do
It's words & music, you and IListen here, I've got to say it
It's so clear, the way we should play it
I will carry-arry-arry you
Together we'll float through the sky
We can marry-arry-arry too
Together just look at us flyWhenever I'm with you it's true
It's everything you say and do
It's words & music, you and IWhen we fight it's rock 'n' roll
When we make it up, it's soul
And in the meanwhile
Freestyle, play-by-ear and improviseIt's clear we go together
It's been like this forever
You and I and words & musicWhenever I'm with you it's new
It's everything you say and do
It's true, you and I are, you and I are
You and I are words & music
