Doctor You

DNCE

Yeah (uh huh)
Come onLady, do you feel okay?
'Cause your heart'll race, hard to sleep, get away
Girl, every day
Need something to ease the pain
You can count on me for a fee, I'll happily take it away
Here's what I'll sayYou're gonna need, need a real good doctor
(Call the doc) Good doctor
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)
Whenever you feel the fever burnin' hotter
(Call the doc) So hot
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)I think I've seen this before
You're stayin' awake, you're losin' sleep
You're gonna be back at my door
Once you start, you just want more
My medicine is a remedy, just come to me
Your private drugstore, yeahYou're gonna need, need a real good doctor
(Call the doc) Good doctor
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)
Whenever you feel the fever burnin' hotter
(Call the doc) So hot
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)Who? (Call the doc, said you gonna call the doc)
Who? (Call the doc, said you gonna call the doc) (Whatever you need, you look sick bitch)
(Call the doc) If you grow an addition,
(Call the doc) If you tell me you're still in pain
(Call the doc) I'ma double the dosage twice a day, everyday
what I'll sayYou're gonna need, need a real good doctor
(Call the doc) Good doctor
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)
Whenever you feel the fever burnin' hotter
(Call the doc) So hot
Doctor me, your doctor who
Your doctor you (call the doc, said you're gonna call the doc)
