

# Reverse Psychology

Keke Palmer

[Verse 1]

How can you expect me to stay?  
After all the things you've done  
I don't wanna feel this anymore, no  
Why do you expect to be forgiven?  
Because you're a man  
Are your excuses worth much more?[Chorus]  
What if I told you, I was out loving another man  
What if I told you, you didn't mean a thing  
What if I told you, that I loved you so  
But these hoes I can't let go  
Could you handle all the things that you told me?  
How 'bout some reverse psychology[Post-Chorus]  
Oh oh

How 'bout some reverse psychology, yeah  
Oh oh oh[Verse 2]

After the conversation we had  
After all the moments we shared  
How could you do these things to me?  
(These things to me)  
Like love was supposed to make me stand by  
And watch you tell me those lies  
Why would you do me that way?[Chorus]  
What if I told you, I was out loving another man  
What if I told you, you didn't mean a thing  
What if I told you, that I loved you so  
But these hoes I can't let go  
Could you handle all the things that you told me?  
How 'bout some reverse psychology[Post-Chorus]  
Oh oh

How 'bout some reverse psychology, yeah  
Oh oh oh[Bridge]

Ladies, if you love someone  
And he broke your heart  
And you feel what I'm talking about  
Let me hear you say "Yeah"  
Let me hear you say "Yeah"  
Ladies, if you love someone  
And he broke your heart

And you feel what I'm talking about  
Let me hear you say "Yeah"  
Let me hear you say "Yeah"[Chorus]  
What if I told you, I was out loving another man (What if I told you?)  
What if I told you, it didn't mean a thing (It didn't mean a thing, no)  
What if I told you, that I loved you so  
But these hoes I can't let go  
Could you handle all the things that you told me (Handle)  
How 'bout some reverse psychology[Post-Chorus]  
Oh oh  
How 'bout some reverse psychology, yeah  
Oh oh oh ooh  
How 'bout some reverse psychology, yeah  
Oh oh oh
