Something Beautiful

Cauterize

Faded away like the color in a blue sky at the end of the day.
Night falls and the search begins for something something better than this.A scream or a cry, the truth or a lie,
I'm not sure they will save us this time.
I don't want to be around
When it all comes down to watch something beautiful die.You said the only way was to run away.
You're sick of me so you just can't stick around to hear me pleading
(I'm pleading).
Does it show?
I'm pathetic, I know.
I just can't stand here and watch you go.
I'm running after you (I'm running after you).Helpless, cause my hands are tied.
Eyelids pinned back so they're open wide.
In a theatre, all alone in the front row,
To watch something beautiful die.A scream or a cry, the truth or a lie,
I'm not sure they will save us this time.
I don't want to be around
When it all comes down to watch something beautiful die.You said the only way was to run away.
You're sick of me so you just can't stick around to hear me pleading
(I'm pleading).
Does it show?
I'm pathetic, I know.
I just can't stand here and watch you go.
I'm running after you (I'm running after you).What happened to the things that we used to do?
You said it's all the same and that you needed a change.
You left without goodbye and now I'm wondering why.
But I don't think I want to know all the things that he does better
And how the past just doesn't matter.
You left me once but this time will be the last time.You said the only way was to run away.
You're sick of me so you just can't stick around to hear me pleading
(I'm pleading).
Does it show?
I'm pathetic, I know.
I just can't stand here and watch you go.
I'm running after you (I'm running after you).Look for the feeling that we lost.
Where did you have it last?
Maybe if we retrace our steps.
But we can't find the path that led us here to where we stand.
Face to face to watch this bitter end.
Now something beautiful is dead.
