

Making Love (Into the Night)

Usher

Just tell me where to go and I'll take off my clothes for you (yeah)
(you know we had to do it again right?)

You're in total control and you're running the show

I'll do whatever you tell me baby,
I'm at your serviceBaby I can come by

And pick you up
We'll make love into the night,
It's never enough

Oh babe I know what you like
And I would make love to you forever and ever
Into the night

(forever and ever we'll make love into the night)Your wish is my command
So I'll cancel my plans tonight (yeah)
(oh baby yeah)

I'll make you understand

That I'm the only one who can handle your body right

And I'm a show you tonight (ooh wee baby I'm coming)Baby I can come by
And pick you up

We'll make love into the night,
It's never enough

Oh babe I know what you like
And I would make love to you forever and ever
Into the night

(forever and ever we'll make love into the night)If you ever wanna know (if you ever wanna know)

Who I love (who I love)
That's you (that's you),
That's you (that's you)
It's you (it's you),
Yes you (yes you)

Oh and I ain't never leaving baby you gotta believe me

You're the one I love and girl ask who I love

Cause that's you (that's you),
That's you (that's you)
Yes you (yes you),

Yeah youBaby I can come by and pick you up
We'll make love into the night, it's never enough

Oh babe I know what you like
And I would make love to you forever and ever
Into the night

(forever and ever we'll make love into the night)(aye Jim)

You gonna wanna tell everybody

Bout how I got you all coming when I call

You know I break you off

And if these walls could talk they would tell everybody

Bout how I put it down

You know I shut ya down

Got you up off the ground, yes I can't be wasted

And if I let you on my spaceship

You'll have to let me taste it

Hop on it I'm a give you a ride

Cause we gonna make love all through the nightLike I cant see,

I know, I'm nice
