

# Lullaby

Ween

Floating like a ghost man  
Floating like a baby  
Swaying in your mother's arms  
Sleeping like a baby Friends stay all in life  
And friends stay all in hide  
[Incomprehensible] together  
Together there's life flowing Sounding for the season  
Flowers for the rapture  
Shield her from the fire  
Flowers for the sleeping Friends stay all in life  
And friends stay all in hide  
[Incomprehensible] together  
Together there's life flowing Soldier, child of honor  
Sleeping like a baby  
Swaying in his mother's arms  
Floating like a ghost man Friends stay all in life  
And friends stay all in hide  
[Incomprehensible] together  
Together there's life flowing
