

She Like That

Slim Thug

[** feat. Killa Kyleon:]I see the way she checkin for my gangsta, i know that she like
that,

I know that she like that (she like that)
The way them diamonds keep shinin' so bright, I know that she
like that,

I know that she like that (she like that)
The way I keep it so hood, leather and the wood, candy paint glowin'
84's looking good,

she like that, I know that she like that [X3]

[Verse 1 - Slim Thug]I know she like that, I got her coming right back

She wanna be with a G, she on the right track
Her eyes stuck on my chest where all that ice at
Ain' t never seen that much bling, she try'na price that
She like my nice tats and the way I keep it hood
And how I still flip a candy lac wit' dat wood
Keep some smoke red eyes behind them Louie Locs
A fresh set of vauxs' wrapped on them super pokes
Stay in the hood but she know a nigga far from broke

Be on the block so much she think I'm still sellin' dope

If I was running for hood boss, I got her vote

Them haters might keep hatin', but I gotta gloat

[Chorus][Verse 2 - Killa Kyleon]Lil' mama so super freaky, ya she's my super freak

Just call her my wonder woman, and I'm her super man

Lil' mama so super bad, just like 'em baybay kids

Come to my crib we can go half on us a baybay kid

I asked "so sexy can I', get on that Ray J shit

She Replied yes and kept it player like a Ray J hit

She love that Ray J shit, she like my second movie

I keep them camera rollin' kick back and watch her do me

But if u want to take your sleepy eyes home girl

Fuckin' good make u wanna take it home girl

But if u want to, you can bring your homegirl

And we can have fun all night long girl

From the window to the wall we can have a ball

Say the word baby girl u can have it all

Hit me any time baby I be right back

Fuck you like a porn star, I know she like that

[Chorus X2
