

# This Is War

Ingrid Michaelson

It's a wonder at all (It's a wonder at)  
It's a wonder at all It's a wonder at all that I'm alive  
It's a wonder at all that I'm still standing  
It's a wonder at all that I survived the war Between your, between your heart and mine  
Hm, between your, between your heart and mine I won't surrender  
I will fight better  
You lock me out, you knock me down  
But I will find my way around  
I won't surrender  
This is war Oh  
It's a wonder at all that I can see  
It's a wonder at all that the sky is not falling down  
It's a wonder at all that I decide to breathe  
Anymore anymore anymore I won't surrender  
I will fight better  
You lock me out, you knock me down  
But I will find my way around  
I won't surrender  
This is war  
This is war This is war, this is war  
I will run until I can't run anymore  
Someone's got to lose  
It's not gonna be this girl, this time I won't surrender  
I will fight better  
You lock me out you knock me down  
But I will find my way around  
I won't surrender  
I will fight better  
And this is war  
This is war (Surrender at all)  
Surrender at  
Surrender at all
