

# Tarpeian Rock

## Protomartyr

Let them be shocked by gravity,  
then the ground.Fate rushing upwards,  
make their heads go pop.(Throw them from the rock)Greedy bastards, rank amateur professionals,  
Emotional cripples, gluten fascists,  
Alt-weekly types, human dieldrin  
Envious cowards, envious associates  
Internet personas, smug urban settlers,  
Ants in a bathtub, crucible of [?] ,  
Old foreign skulls, neon bands on laptops,  
Recent memories, [?] beards,  
Rich crusties, adults dressed as children  
Do-nothing know-it-alls, what democracy looks like  
Upper-class slummers, Texas new literature,  
Shot counters, credit-card-users,  
Pain-free catheters, most bands ever  
Terrible bartenders
