Goodbye Beautiful Day

Aviatic

Time just withers away
Stealing day after day
The moon calls and night falls
goodbye beautiful day

Seems time never can stay
just keeps running away
the stars fly
and hearts cry
leaving nothing left to say

chorus:
Goodbye Beautiful Day
I must be on my way
Stop the rain and ease my pain
I'm sorry I can't stay
Goodbye beautiful day
thats all I have to say
come tomorrow I'll be gone
I'm sorry I can't stay

time always has her say
slowly slipping away
its gone now but somehow
there's no telling time today

this time i'll go away
and i'll be gone to stay
we all know we will go
thats all i have to say

repeat chorus 2x
