

# Myth

## Beach House

Drifting in and out, see the road you're on  
You came rolling down the cheek  
Say just what you need  
And in between it's never as it seems Help me to make it  
Help me to make it If you build yourself a myth  
Know just what to give  
What comes after this  
Momentarily bliss  
Consequence of what you do to me Help me to make it  
Help me to make it Found yourself in a new direction  
Eons far from the sun  
Can you come when they come to reach you  
Let you know you're not the only one Can't keep hanging on  
To all that's dead and gone  
If you build yourself a myth  
Know just what to give  
Do you lie?  
We'll let the ashes fly Help me to make it  
Help me to make it
