

Asshole

Halloween

I, never saw you goin straight
You, lying right into my face
High, my expectations were for faith
You, you're driving me insaneNo one came that far, without abilities
You're the greatest of them all
You lie you steal you betray you don't feelYou're an asshole
Typical human being
You're a sucker
Sucking out energy
Asshole
Typical human being
You motherfucker
Stupid shit you make me fleeI, I'm sick of your stupid ego
No, you are not the only one
You, your manipulation stops here
No, right now we are not friendsNo one came that far, without abilities
You're the greatest of them all
You lie you steal you betray you don't feelYou're an asshole
Typical human being
You're a sucker
Sucking out energy
Asshole
Typical human being
You motherfucker
Sucking out energy
Asshole
Typical human being
You motherfucker
Stupid shit you make me fleeYou're an asshole
Typical human being
You're a sucker
Sucking out energy
Asshole
Typical human being
You motherfucker
Stupid shit you make me fleeAsshole
Typical human being
You motherfucker
Stupid shit you make me flee

Asshole!
