Advisory - the following lyrics contain explicit language:

Sex ain't better than love (oh)  
Sex ain't, sex ain't (oh) better than love I been outchea in these streets and I done learned  
Every girl I gave my loving too was only a substitute  
I been outchea in these streets and I done learned  
Even though she's in my arms this ain't where my heart belongs  
Sex in the air, no lovin' here  
Soon as I get through, I'm outta there  
And it feels so bad but it feels so good  
Wishing I could care girl I never could  
But then I fell into your love  
Didn't let me touch the ground  
Now I see it clear that your heart is there  
And all these other women they just can't compare girl I know Sex ain't better than love  
I been outchea in these streets and I done learned  
Sex ain't better than love  
I done seen it all done done it all so much better when you fall  
Sex ain't better than love  
Girl you've been my teacher and I've learned that  
Sex ain't better than love  
Sex ain't, sex ain't, sex ain't better than love Feelings I thought that I would never have  
Oh I'm so open and I got it bad  
I gotcha now and imma make it last  
She says my baby she can't wait to have  
Love in the air never been so clear  
So beautiful, bring yo' body here  
Let me fall into your love  
I wanna hear the lovely sound  
Let me take my time while we in this bed  
You were made for me and I don't wanna share girl I know Sex ain't better than love  
I been outchea in these streets and I done learned  
Sex ain't better than love  
I done seen it all done done it all so much better when you fall

Sex ain't better than love

Girl you've been my teacher and I've learned that

Sex ain't better than love

Sex ain't, sex ain't, sex ain't better than loveDon't you ever leave, baby girl I need need you love to breathe

Never been so good to me, I was blinded but now I see becauseSex ain't better than love

I been outchea in these streets and I done learned (that no no)

Sex ain't better than love

I done seen it all done done it all so much better when you fall

Sex ain't better than love (sex ain't sex ain't)

Girl you've been my teacher and I've learned that

Sex ain't better than love

Sex ain't, sex ain't, sex ain't better than loveSex ain't better than love

Sex ain't better than love

Sex ain't better than love

Sex ain't better than loveGirl you've been my teacher and I've learned that

Sex ain't better than love

Sex ain't, sex ain't, sex ain't better than love
