## Junior Boys

Thank you once again  
I bearily get through it  
I can't draw the line  
Without falling out the page  
I can't hold to this  
Without moving out the frame  
'Cause There is a trouble in my lips  
And a witching in my eyes  
And it's all 'cause of you  
So take the colors off  
They been keeping off the dust  
Steady down the arms  
Hold down sudden caught  
I see you in the dark  
See you dancing with the lights  
Caught in me in your breath  
Tracing so you know  
And it's all 'cause of you  
Oh follow from the ride  
Where it goes  
Somewhere down the hall  
In throught your hands  
Out your mouth  
In a whisper  
In through the walls  
Where you start  
Tell me what's the time  
And How far left to go  
'Cause all is melting lines  
Keep us way to slow  
So baby let it out  
Let it burn into the sky  
Watch it as it goes  
Say you Trust me that I know  
That is all because of you
