

Twilight Zone

DJ Kurt

First to the bass in to the jam
Then let the music take command
Back to back to another dimension
Stop the force and pay some attention
 Music to party, music to dance
The new follow-up of public demand
 Slick as five da la megaphone
 Take you down to the twilight zone
Enter the clock and turn the body upside down
 Grab the microphone, it's upon the sound
 You want more, more you get
 We're 2 Unlimited in effect
 Check up the sound and stop this distortion
When we get the fittest, here's another portion
 Just lay back as we take control
 Take you down into the twilight zone
 This is the twilight zone
 And you're not on your own
 We'll take you to the twilight zone
 It is the twilight zone
 You better shake your bones

And come on down the twilight zone
Come on baby, I'm gonna take you to the twilight zone
 Have a good time, take a break
 Hang with another first of the chapter
 Straight to the heavyweight for worst or better
 Fishes in the way, found in the vicinity
 Slamming DJ's with the rhyme capability
 Listen to the jam as we go wild
 Check your MC's versatile
 Me and the lady, howl megatone
 Fuck you up in the twilight zone
 This is the twilight zone
 And you're not on your own
 We'll take you to the twilight zone
 It is the twilight zone
 You better shake your bones
And come on down the twilight zone

Hey, yeah, yeah, I'm gonna take you to the twilight zone
