

# Workin' It Out

**Hilary Duff**

Some days I start off draggin' my feet  
Some days I want to fly  
Some days it all makes sense to me  
Some days I just don't want to know why  
Hey, hey, I'm not giving up, no  
Gonna stand up and shout it  
No way, I'm not slackin' off or backin' out or crackin' up without doubt  
I'm workin' it out  
Sometimes I'm just surrounded by friends  
Sometimes we've never met  
Sometimes I pray for something I need  
But hey, you never know what you're gonna get  
And it's hard enough to be what you are  
Harder to be what you're not  
It's hard to know what you need to get  
Harder to know what you've got
