

Rest Of My Life

[Rilo Kiley](#)

There are worse ways for
A guy to spend his time
Than to sit and think of you
I think I'd marry you
Just your smile
Leaves me satisfied
Though you're not mine So for the rest of my life
I'm gonna search
For someone just like you And we tend the garden
All day long
Watching history unfold
And I'd be enough
And you'd be enough
And we'd grow old So for the rest of my life
I'm gonna search
For someone just like you For the rest of my life
I'm gonna search
For someone just like you Yeah, for the rest of my life
I'm gonna search
For someone just like you
