

# Rendez-Vu

## Basement Jaxx

I got you in my heart  
I got you in my head  
Your magic it surrounds me I've got you in my heart  
I got you in my head  
Let's make a rendezvous I've got you in my head  
Let's make a rendezvous  
Let's make a rendezvous  
Let's make a rendezvous I got you in my heart  
I got you in my head  
Your magic it surrounds me I've got you in my heart  
I got you in my head  
Let's make a rendezvous I've got you in my head  
Let's make a rendezvous  
Let's make a rendezvous  
Let's make a rendezvous I've got you in my head  
I got you in my heart  
I got you in my head I've got you in my head  
Let's make a rendezvous  
Let's make a rendezvous  
Let's make a rendezvous I've got you in my head  
I got you in my heart  
I've got you in my head
