

Ready Aim Fire

Imagine Dragons

Woah

With our backs to the wall, the darkness will fall

Never quite thought we could lose it all

Ready aim fire, Ready aim fire

An empire's fall in just one day

You close your eyes and the glory fades

Ready aim fire, Ready aim fire away (fire!)

Ready aim fire, Ready aim fire awayOff in the distance, there is resistance

Bubbling up and festering

Hey Mr Motion, make me a potion

Shake it all up with your mystery

How come I've never seen your face 'round here?

I know every single face 'round here

A man on a mission, changing the vision

I was never welcome hereWe don't have a choice to stay

We'd rather die than do it your wayWith our backs to the wall, the darkness will fall

We never quite thought we could lose it all

Ready aim fire, Ready aim fire

An empire's fall in just one day

You close your eyes and the glory fades

Ready aim fire, Ready aim fire away (fire!)

Ready aim fire, Ready aim fire awayChecking the casing, shaking and pacing

This is the tunnel's light

Blood in the writing, stuck in the fighting

Look through the rifle's sight

How come I've never seen your face 'round here?

I know every single face 'round here

Here in the heckle, holding the shackle

I was never welcome hereWe don't have a choice to stay

We'd rather die than do it your wayWith our backs to the wall, the darkness will fall

We never quite thought we could lose it all

Ready aim fire, Ready aim fire

An empire's fall in just one day

You close your eyes and the glory fades

Ready aim fire, Ready aim fire away (fire!)

Ready aim fire, Ready aim fire awayWoahWith our backs to the wall, the darkness will fall

We never quite thought we could lose it all

Ready aim fire, Ready aim fire

An empire's fall in just one day

You close your eyes and the glory fades
Ready aim fire, Ready aim fire away (fire!)
Ready aim fire, Ready aim fire away
