

Money to Burn

Richard Ashcroft

Woo hoo hoo
I got money to burn, I wanna burn it on you
Come on, yeah yeah
We got one short life, I wanna spend it with you You light my fire
I wanna burn all night, I wanna burn on through
Oh, yeah yeah
I got one short life, I wanna spend it with you Ooh baby, you're my sweet savior
You're my one adventure
You're the only gift I've got from above
From above Woo hoo hoo
We got one last dance, I wanna dance with you
Come on now, now
We got one last supper, gonna eat with you Oh, yeah yeah
We got one last high, I wanna get high too
Come on now, now
I got one short life, I wanna spend it with you Baby, you're my sweet savior
You're my one adventure
You're my one and only gift I've got now, baby It's a real adventure, I'm so glad I met you
You're my one gift I've got from above, baby
From above, from above, from above Woo hoo hoo
I got money to burn, I wanna burn it on you
You light my fire
I'm gonna burn on now, I'm gonna burn on through Come on now, train
You're gonna take me away from my rotten shame
And then I learn
I gotta learn how to live, I gotta learn how to give Come on angel, you're my sweet savior
You're my one adventure
You're my one and only gift I've got now, baby It's a real adventure, I'm so glad I met you
You're my one and only gift I've got now, baby You're my sweet nature, it's a real adventure
I might show [Incomprehensible], c'mon
Baby, come on Here I come, here I come
Here I come, here I come
Here I come, yeah Yeah yeah yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah yeah Here, I come
(Money to burn, burn it on you, girl)
Here, I come
Here, I come
(Money to burn, burn it on you, girl)
Here, I come

Here, I come
(Money to burn, burn it on you, girl) Here, I come
Here, I come
(Come on now, train)
Here, I come
Here, I come
(Come on now, train)
Here, I come Oh baby, you're my sweet savior
You're my one adventure
You're my one and only gift I've got now, baby You're my one vibration, you're my one adventure
You're my one and only gift I've got now, baby You're my sweet nature, it's a real adventure
I might show [Incomprehensible]
Baby, come on, baby, come on
Baby, come on, baby, come on Burn on now, burn on through
Burn on now, nothing to loose
Burn on now, burn on through
Burn on now, nothing to loose Burn on now, burn on through
Burn on now, nothing to loose
Burn on now, burn on through
Burn on now, nothing to loose Burn on now, burn on through
Burn on now, nothing to loose
Burn on now, burn on through
Burn on now, nothing to loose
