

It's About Time

NASA

It's about life, it's about fun
I hate you, I love you
I just can't remember to forget you
Who are you? Who needs you?
You make me feel alive, I die, so high
I'm crawling on the ground
And I found I can fly
One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
What's it all about? It's about life, it's about fun
It's over before it has begun
It's about you, it's about me
It's about everything between
And I say
I'm saying goodbye to you
I say hi to you with no clue
It's about time that I make up my mind
It's simple, confusing
The truth is I'm winning
But I'm losing and pulling
And pushing won't do me any good
It could, it should
I'm honest to myself that the truth is I lied
One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
What's it all about? It's about life, it's about fun
It's over before it has begun
It's about you, it's about me
It's about everything between
And I say
I'm saying goodbye to you
I say hi to you with no clue
It's about time that I make up my mind
Time is creeping behind me
Surrounding around me
Fading the words so desperately
Now give me a reason that I can believe in
Time is something you can't rewind
One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
What's it all about? It's about life, it's about fun
It's over before it has begun
It's about you, it's about me
It's about everything between
And I say

I'm saying goodbye to you
I say hi to you with no clue
It's about time that I make up my mindIt's about life, it's about fun
It's about you, it's about me
It's about you
It's about life, it's about fun
It's about you, it's about meAnd I say
I'm saying goodbye to you
I say hi to you with no clue
It's about time that I make up my mind
