

# Time And Time Again

## Fragma

You know we've got a little secret  
We hold each other close and keep it  
All to ourselves Your love is my protection  
You take my breath away  
I long for your affection everyday Time and time You know we've got a little secret  
We hold each other close and keep it  
All to ourselves Your love is my protection  
You take my breath away  
I long for your affection everyday I feel you, see you  
Time and time again  
Within my heart  
I knew it from the start I feel you, see you  
Time and time again  
Within my heart  
We're never gonna part Time and time You know that we should be together  
I feel you're in my soul, I'll never  
Ever let you go Your love is the solution  
You take the blues away  
You are the one conclusion everyday I feel you, see you  
Time and time again  
Within my heart  
I knew it from the start I feel you, see you  
Time and time again  
Within my heart  
We're never gonna part Time and time again  
Within my heart  
Time and time again  
Within my heart Time and time
