

Omg

RAJAN

[Intro:]

Yeah

Oh my, Oh my god[Hook]

Imma need a new Ferrari

Oh my, Oh my god

Doing well and now they want me

Oh my, Oh my god

Need a baddie with a body

Oh my, Oh my god

I say a prayer then I go get it like

Oh my, Oh my god

[Verse 1]

They dont wanna see me ball

Right now

They dont wanna see me tall

Right now

They dont wanna see me fall

Right now

They dont wanna see me small

Right nowI see 'em living off

Hype now

We see a feed and we swipe down

My Ex, she ain't my type now

You talk too much

Bitch pipe down (pipe down)

You lyin', you fakin', you phony, you mad

I'm as real as it gets (hey!)

I know you love it if I took a day off

And I would just quit (hey!)

My women, they need me

So just like a genie, I'm there as they wish

So fuck out of my way

I'm on a wave

I gotta flex (flex)[Hook]

So Imma need a new Ferrari

Oh my, Oh my god

Doing well and now they want me

Oh my, Oh my god

Need a baddie with a body

Oh my, Oh my god
I say a prayer then I go get it like
Oh my, Oh my god
Oh my god[Verse 2]
They been tryna amp me like I'm 'Pac
Oh my god
This gon' take about a hundred shots
Oh my god
They mad I got the noodles in the sauce
Oh my god
I heard that they been coming for my spotCause I'm the man in my city boy
Right now
They understand in my city boy
Right now
I got a plan in my city boy
Right now
I stand for my city boy
Right now
I see 'em living off
Right now
We see a feed and we
Swipe down
My Ex, she ain't my
Type now
You talk too much, please
Pipe down[Bridge]
So Imma need a new Ferrari
I'm doing well and now they want me
I need a baddie with a body
I say a prayer then I go get it like
Get it, get it, get it[Hook]
Imma need a new Ferrari
Oh my, Oh my god
I'm doing well and now they want me
Oh my, Oh my god
I need a baddie with a body
Oh my, Oh my god
I say a prayer then I go get it like
(get it, get it, get it)
Oh my god
