Lay Me Down

Avicii

Lay me, Lay-lay lay me
Lay-lay lay me
Lay-lay lay me
L-l-l-l-l-l-lay me, lay-lay lay me
Lay-lay lay me
Lay-lay, lay me downI get weak, things get tough
Sometimes my knees can barely hold me up
Im no fool, but it's said
You gotta walk a mile until youre outta my headGoing in/Go within, taste it up
Dig/Take a little bit and baby dont you give up
Cant your life/Get your life, give a damn
You gotta make a move and show me where we can standLay me down in darkness
Tell me what you see
Love is where the heart is
Show me Im the one, tell me Im the one that you need
(Come on)Lay me down in darkness
Tell me what you see
Love is where the heart is
Show me Im the one, tell me Im the one that you need
(Come on)Tell me Im the one, tell me Im the one that you need
Tell me Im the one, tell me Im the one that you needLay me, Lay-lay lay me
Lay-lay lay me
Lay-lay lay me
L-l-l-l-l-l-lay me, lay-lay lay me
Lay-lay lay me
Lay-lay, lay me down
