

# Star Sky (Instrumental)

## Two Steps From Hell

Here we are  
Riding the sky  
Painting the night with sun  
You and I, Mirrors of light  
Twin flames of fire  
Lit in another time and place I knew your name  
I knew your face  
Your love and grace  
Past and present now embrace  
Worlds collide in inner space  
Unstoppable, the song we play  
  
memory
